

Report on Crime Scene Investigation Seminar for Semester I - B.Sc. (Hons) Forensic Science

A seminar was conducted for the students of Semester I - B.Sc. (Hons) Forensic Science by Mr. Amitesh V. Shetty, Assistant Professor, PG Department of Criminology and Forensic Science, Roshni Nilaya, Mangaluru on 15th November, 2019 at 2:00 p.m. The topic of the seminar was 'Crime Scene Investigation'. Different areas relating to crime scene investigation including the steps involved in Crime Scene Management, different types of crime scenes, types of photographs taken at the crime scene and functions of investigating officer were covered. The seminar was useful to the students and informative as it gave a preview of the actual field work carried out by any forensic expert in association with the police.
