

Report on Participation of Forensic Science Students in ‘Chimera’ - National Level Intercollegiate Fest

A team of ten students from B.Sc. (Hons) Forensic Science course participated in ‘Chimera’- a National Level Intercollegiate Fest organized by the Department of Biotechnology, St. Aloysius College, Mangaluru on 24th January, 2020.

The students participated in various competitions such as Ice Breaker, Hands Behind Art, Creative Writing, Pressure Cooker (Stress Interview), Mind Over Splatter (Quiz), Mad-ad and Meme-o-logy.

The students got an opportunity to showcase their creative talents, their ability to be quick-witted and to work efficiently within a team. The events also helped them get exposure to a subject that they can apply in their own careers and develop a competitive edge within themselves.
